SURVEYOR'S OFFICE
SUNDERLAND

1899-1900

VOL. II.

SAILING-VESSELS

The Characters used for Classification are:—

100A1 95A1 } Vessels built of Iron or Steel
90A1 85A1 } according to the Rules in force
80A1 75A1 } since 1869.

A1 Iron or Steel vessels built for a special purpose.

*A1 Iron vessels built with thicker plating than required for A1

A1 A1 A1 Iron Vessels built according to Rules in force between 1864 & 1871.

A1 A1 EI Wood or Composite Vessels.

The figure 1 affixed to a character signifies that the vessel is well and sufficiently equipped; a line after the character (thus, A—) that the equipment is deficient from that required by the Rules.

The words "with freeboard" under the character signify that the freeboard assigned is a condition of the vessel's class.

Classification of the late Underwriters' Registry.

A1* Iron or Steel Vessels built in excess of Rules of Underwriters' Registry, and of extra quality of Iron.

A1* A1* A1 A1 A Characters of Iron, Steel, or Composite Vessels built according to the Rules of Underwriters' Registry.

Vessels classed in Red have been built under inspection of Surveyors to Underwriters' Registry.

The Classification Columns, when left blank, indicate Vessels never Classed by the Society.

In Col. 8 (Sailing Vessels), Col. 7 (Steamers), three dots ... indicate that the Vessel had a Class at one time, but it has been withdrawn at Owner's request.

In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Table No. 22 (Rules).

A black line with date under it in Classification Column (thus, 3,95) indicates that vessel's character was expunged from Register Book at date specified because, from reported defects, the vessel was not entitled to retain her classification; a red line with date (thus, 3,95) indicates withdrawal of class because of non-compliance with Society's Rules.

A date in Classification Column, without character, indicates that the Class has expired, or been withdrawn from absence of Survey, or non-payment of fees.

When a posting of loss, casualty, &c., is made against a classed vessel the character is expunged thus:—~~100A1~~

+ in the Classification Column signifies that the vessel was built under Special Survey.

LMO—Boilers and Machinery certified by the Engineer Surveyors to Lloyd's Register.

B&MS—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register.

+ Special Survey of Machinery or Boilers during construction.

RMC—Refrigerating Machinery Certificate denoting that the Refrigerating machinery, insulation, and spare gear are fitted in accordance with the Rules, and were found in good condition at the time mentioned.

+RMC—The + signifies the Special Survey of the Refrigerating appliances during construction, by the Surveyors to Lloyd's Register.

AACP—Anchors and Chains Proved at a Machine recognised by Lloyd's Register.

Lloyd's AACP—Anchors and Chains Proved at a Public Machine under the superintendence of Lloyd's Register.

S & sr—Special Survey. Rest.—Restored.

Cont.—Continued. HT.—Half-Time Survey.

The date of Survey only certifies to the vessel's state of efficiency at that time.

HS 30063006 square feet of Heating Surface.
CyCylinders, with number prefixed.
The figures after Cy. represent diameter of Cylinders and length of stroke in inches.	
Figures before lb—Working Pressure of Main Boilers in lb per square inch.	
Figures before lb—Working Pressure of Donkey Boilers in lb per square inch. The letter P or s prefixed to lb indicates the pressure of port or starboard donkey boiler respectively.	
Mchy.Aft.Machinery fitted Aft.
Ref.Mchy.Fitted with Refrigerating Machi- nery, see List at end of Register.
NHPNominal Horse Power by formulae given on page xxvii of Key.
RHPNominal Horse Power by Official Register in the case of British Vessels.
NE&BNew Engines and Boilers.
NDBNew Donkey Boiler.
In Col 13 letters a to t in parenthesis indicate the Material of Boilers.—(See Key, page xxviii).	
CmpCompounded.
TpdTripled.
QpdQuadrupled.

In Col. 16 (Sailing Vessels) Col. 15 (Steamers) the capital letters represent the various Register Societies in which Vessels are classed, if not classed in Lloyd's Register. (See Key, page xxviii, for full explanation.) "BT till 4,00" indicates that a Board of Trade Passenger Certificate has been granted, expiring in April 1900.

For complete explanation of Records, &c., see Key at commencement of Register, page xxv.

PUBLICATIONS ISSUED BY THE COMMITTEE

REGISTER

LLOYD'S REGISTER

OF

BRITH AND FOREIGN SHIPPING.

PUBLICATIONS ISSUED BY THE COMMITTEE OF LLOYD'S REGISTER.

LLOYD'S REGISTER OF SHIPPING, issued annually on the 1st of July. This Book contains names, CLASSES, and detailed information concerning the Vessels classed by Lloyd's Register and the late Under-Registry for Iron Vessels; and in addition, as far as possible, particulars of ALL SEA-GOING VESSELS in the world of all iron and steel vessels trading on the North American Lakes, of 100 tons and upwards.

In the Appendix will be found a list of Owners of Ships recorded in the Register Details of Dry and Wet Docks, Floating Docks, Pontons, Patent Slipways, Tidal Harbours, Quays, &c., in all of the World; a list of Telegraphic Addresses of all firms, &c., connected with Shipping (with the Telegraph Codes severally employed), so far as ascertained; a list of Steamers arranged according to their gross tonnage and Statistics respecting Merchant Shipping; lists of Shipbuilders, with names of existing Vessels built by each of fast Merchant Steamers, &c., &c.

A list is also printed in the Appendix of the Members and Subscribers of Lloyd's, and of debts to Lloyd's.

TERMS OF SUBSCRIPTION:—The subscription for Marine Insurance Companies, Public Companies, Public Establishments, is £6 6s. per annum, for a single copy of the Register Book, and £3 3s. per annum for every additional copy supplied, unless the copies be periodically posted with type with additions and corrections throughout the year, in which case the subscription for each copy supplied will be £10 per annum.

In the case of other Subscribers the subscription is £3 3s. per annum for each unless periodically posted with type with additions and corrections throughout the year, in which case the subscription will be £5 5s. per annum for each copy supplied.

For the convenience of Subscribers not resident in London, or not having their Books, a Supplement, containing the additions to, and corrections in, the Register Book, is issued fortnightly, forwarded gratis to Subscribers.

The Rules for the Construction and Classification of Steel Vessels are supplied with the above.

THE RULES FOR THE CONSTRUCTION AND CLASSIFICATION OF VESSELS are also published separately.

PRICE:—Rules for Steel Vessels, 5s.; Rules for Iron Vessels, 5s.; Rules for Wood and Composite Vessels, 5s.

RULES FOR THE CONSTRUCTION AND CLASSIFICATION OF STEEL VESSELS, &c. (FRENCH TRANSLATION).

PRICE:—8s. (10 francs) post free.

YACHT REGISTER, issued annually on the 1st of May. This book contains, in addition to names, CLASSES, and detailed information relating to Yachts classed by the Society, the Names, Dimensions, &c. of all British and Foreign Yachts, the particulars of which are known; also, in an Appendix, a List of the various Yacht Clubs, with Illustrations of their respective Flags; an illustrated List of the RACING FLAGS of Yachts; Rules of the Yacht Racing Association for rating, &c.; an Index of Signal Letters; a List of Yachts, the names of which have been changed; a List of Yachts arranged according to Tonnage; a List of Yacht Builders and Designers, showing the Yachts which they have respectively built and designed; and an Alphabetical List of the Names and Addresses of Yacht Owners so far as they can be ascertained; besides Statistical and other interesting information.

TERMS OF SUBSCRIPTION:—£1 1s. per annum, for which one copy is supplied. Supplements are issued gratis to each Subscriber.

THE RULES FOR THE CONSTRUCTION AND CLASSIFICATION OF YACHTS are also published separately.

PRICE:—2s. 6d. per copy.

REPORT ON MASTING, being a Report made to the Committee of Lloyd's Register of British and Foreign Shipping by the Society's Chief Surveyor and his Assistants concerning the DISMASTING OF LARGE IRON SAILING SHIPS.

PRICE:—15s. per copy.

LLOYD'S REGISTER OF BRITISH AND FOREIGN SHIPPING.

ESTABLISHED 1834.

UNITED WITH THE
UNDERWRITERS' REGISTRY FOR IRON VESSELS IN 1885.

From 1st July, 1899, to the 30th June 1900.

The REGISTER,—which is printed solely for the information of Merchants, Shipowners, Underwriters, and others, being Subscribers or Members,—contains the names, classes, and other useful particulars relating to vessels classed by the Society, and those classed by the Underwriters' Registry for Iron Vessels. It also includes, as far as possible, the names, dimensions, &c., of all other Merchant Vessels of the World, of 100 tons and upwards, some of which, although not classed by the Society, are classed elsewhere.

The conditions regulating the classification of vessels in the REGISTER are contained in the Society's Rules.

VOLUME II.—SAILING VESSELS.

OFFICE: 2, WHITE LION COURT, CORNHILL, LONDON.

1899.

LLOYD'S REGISTER
BRITISH AND FOREIGN SHIPPING.

ESTABLISHED 1824

PRINTED BY THE

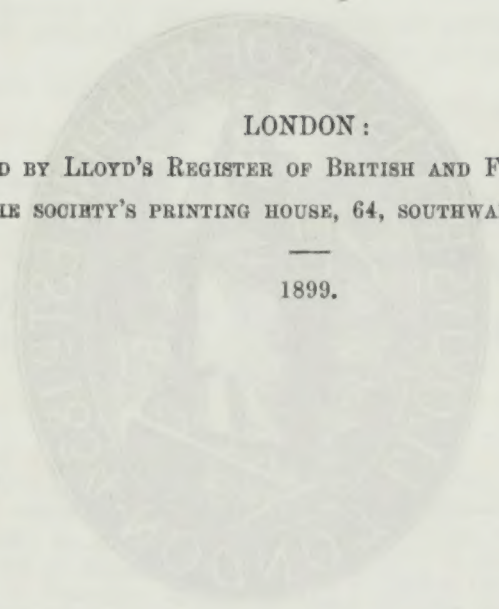

UNDERWRITERS' REGISTRY FOR IRON VESSELS IN 1885.

From the year 1885 to the year 1889.

LONDON:

PRINTED BY LLOYD'S REGISTER OF BRITISH AND FOREIGN SHIPPING,
AT THE SOCIETY'S PRINTING HOUSE, 64, SOUTHWARK STREET, S.E.

1899.

The Register of Shipping is a public document, and its contents are not to be used for any purpose other than the purpose for which it was published. It is not to be used for any purpose other than the purpose for which it was published. It is not to be used for any purpose other than the purpose for which it was published.

VOLUME II—SAILING VESSELS.

GEORGE & WHITE, 110, COURT GOVERNMENT, LONDON.

KEY TO THE REGISTER.

1899-1900.

EXPLANATIONS OF RECORDS IN THE REGISTER BOOK.

All abbreviations employed in the Register Book are explained in the alphabetical key, see page xxviii.

Steamers, columns 2 & 3; Sailing Vessels, columns 3 & 4.

- Master.** The figures which follow the master's name, thus, *Smith* 86-97, indicate the dates of his appointment (1) as master in the service of the present owner of the vessel, and (2) as master of the vessel herself.
- Decks.** See illustrations of types of vessels, following page xl of key. Explanations of such terms as *Shade dk.*, &c., are included in the alphabetical key, see page xxviii.
- 3 dk rule** This notation indicates that the vessel has been built according to the Rules for three-decked vessels.
- Special Surveys.** Explanations of records of special periodical surveys will be found in the alphabetical key, see page xxviii. The records only certify to the vessel's state of efficiency *at the time of survey*.
- Ports of Survey.** The contractions (such as *Lon.*, *Syd.*, &c.), used to denote the ports at which vessels have been surveyed, are explained at page xxxii.
- Rig, &c.** Explanations of contractions used to denote the rigs of vessels will be found in the alphabetical key, see page xxviii.
- †** This sign following the word "*saltd*" indicates that the vessel's beams have not been salted.

Steamers, column 4; Sailing Vessels, column 5.

- Tonnage.** The tonnage recorded in the Register Book in type like that shown at the side hereof, is, with a few exceptions, the official registered tonnage measured according to the law of the country to which the vessel belongs.
- | | |
|--|------------------|
| | 3101 (Gross) |
| | 2864 (Under dk.) |
| | 1994 (Net) |
- For some foreign vessels, the tonnage which is recorded has been measured in accordance with British rules and is accepted under British law. In such cases, the fact is indicated by the use of italic figures, thus:—
- | | |
|--|------------------|
| | 3101 (Gross) |
| | 2864 (Under dk.) |
| | 1994 (Net) |

Steamers, columns 5, 6 & 7; Sailing Vessels, columns 6, 7 & 8.

Symbols of Classification of Lloyd's Register.

- 100A1 95A1** { Characters of vessels built of Iron or Steel according to the Rules of the Society since 1869. The numerals 100, 90, &c., do not signify terms of years, but are intended for the purpose of comparison only.
- 90A1 85A1** {
- 80A1 75A1** {
- A1** This character (without a numeral prefixed) is assigned to Iron or Steel vessels built for special purposes or trades, to the satisfaction of the Committee.
- *A1** Character of Iron vessels built with thicker plating than required for **A1**.
- A1 A1 A1** Characters of Iron vessels built according to the Rules of the Society in force between the years 1864 and 1871.
- A1** Character of Wood or Composite vessels of the first class well and sufficiently equipped. The figures in column 5 (Steamers), column 6 (Sailing Vessels), prefixed to the character indicate the term of years for which the vessel is at present classed, thus:—11A1, Cont 6A1, Rest 6A1. (See notes in alphabetical key, page xxviii, under "Cont" and "Rest"). The figures in column 7 (Steamers), column 8 (Sailing Vessels) indicate the expired terms of years originally assigned, if on the first line, and assigned on continuation if on lower lines.

- A1** Character of vessels which have passed the period assigned on original Survey, or Continuation, or Restoration, and of vessels not having an original character, which are found to be fit to carry dry and perishable goods. The term of years for which this character is assigned appears under the class in column 5 (Steamers), column 6 (Sailing Vessels), thus:—SSPly.96-6yrs.
- .E1** Character of vessels fit for conveyance of dry and perishable goods on short voyages. The term of years for which the character **.E1** is assigned appears under the class in column 6 (Sailing Ships), thus:—SSPly.96-4yrs.
- 1** The figure 1 included with the characters, as printed above, signifies that the vessel is well and efficiently equipped as per Table 22 (see the Society's Rules).
- This sign placed after a character, in the position usually occupied by the figure 1, indicates that the equipment of the vessel—either as regards its quality or its quantity—does not fulfil the requirements of the Society's Rules.
- +** This sign denotes that the vessel has been built under Special Survey.
- +** This sign denotes that the engines or the boilers, or both (according to the record which follows) have been built under Special Survey.
- A black line, with date underneath, indicates that the vessel's character was expunged from the Register Book at the date specified because from reported defects the vessel was not entitled to retain her classification.
- A red line, with date underneath, indicates that the vessel's character was expunged from the Register Book at the date specified because from non-compliance with the Society's Rules as regards surveys, the vessel was not entitled to retain her classification.
- ...** This sign in column 7 (Steamers), column 8 (Sailing Vessels), indicates that the vessel's class was withdrawn from the Register Book at the Owner's request.
- LOST** When a posting of loss, condemnation, casualty, &c., made against a classed vessel, the character is expunged in this manner.
- with freeboard** This notation under the character signifies that the freeboard assigned is a condition of the vessel's class.
- For tug purposes, Trawler, &c.** Such notations under the character indicate the special trade or purpose for which the vessel is intended and the view of which she has been classed by the Society.
- Awng dk., Shade dk., &c.** See illustrations of types of vessels, following page xl of key. Explanations of such terms as shade deck, awning deck, &c., are included in the alphabetical key to the abbreviations, see page xxviii.

Symbols of Classification of the late Underwriters' Registry.

(Amalgamated with Lloyd's Register in 1885).

- A1*, A1*** ... Characters of Iron or Steel vessels built in excess of the Rules of the Underwriters' Registry and of extra quality of Iron.
- A1*, A1*** { Characters of Iron, Steel, or Composite vessels built according to the Rules of the Underwriters' Registry.
- A1, A1** {
- A, A** Vessels classed in red were built under the inspection of the Surveyors to the Underwriters' Registry.
- The figure 1 or 2 affixed to Symbols of Classification signifies the Character of Equipment.

Last date of Survey. The figures under a character denote the date when the vessel was last surveyed. The *date of survey* only certifies to the vessel's state of efficiency at that time.

Ports of Survey. An explanation of contractions used to indicate surveying ports will be found on page xxxii.

The 6th, 7th, and 8th columns (Sailing Vessels), or 5th, 6th, and 7th columns (Steamers) left blank, indicate that the vessel has never been classed in the Register Book.

When the 6th (Sailing Vessels) or 5th (Steamers) column is left blank, except as regards the date of survey last recorded, it indicates that the character has expired, or that it has been withdrawn either for want of survey or on account of non-payment of fees due in the case.

Steamers, column 8; Sailing Vessels, column 9.

Date of Build. In the case of Iron and Steel vessels classed by Lloyd's Register, the last date of survey for first entry of classification is reckoned as the date of build when such survey is completed within six months of the date of launching; but, when the first entry survey is not completed within that period, the date of build is reckoned as six months after the date of launching. In the case of classed Iron and Steel vessels launched prior to the 19th May, 1887, and also in the case of all classed Wood and Composite vessels, the date of launch is reckoned as the date of build. In the case of vessels not classed by Lloyd's Register, it is not possible to define in all cases whether the date of build is the date of launch or the date of completion.

Records such as 188 $\frac{3}{4}$ occur in the case of some unclassed vessels. These denote that the vessel was originally built at the date indicated by the upper figures, and is reported to have been rebuilt at the date indicated by the lower figures. In such cases, the Society has no authoritative information as to the extent to which the reported rebuilding has been carried out (see special note at foot of this page).

Rebuilding of vessels, when carried out under the inspection and to the satisfaction of the Society's Surveyors, is recorded thus:—"rebuilt 89."

Steamers, column 10; Sailing Vessels, column 12.

Owners. In the case of vessels belonging to the United Kingdom, the name recorded in the Register Book is that of the Managing Owner, or of the firm in which the Managing Owner is a partner. When there is not a Managing Owner appointed, the name of the largest shareholder is recorded; and the name of the Manager of the vessel is also noted if desired. For colonial or foreign vessels, it is endeavoured to follow the same practice as for United Kingdom vessels; but obvious difficulties render it impossible to ensure that a person entered as Managing Owner is really a legal owner. He may therefore sometimes be only the *Manager* of a vessel as distinguished from the *Managing Owner*.

Steamers, column 11; Sailing Vessels, column 13.

Depth. When two depths are recorded, thus: $\frac{16.9}{24.2}$ the upper figures denote the depth to main deck and the lower figures the depth to the upper deck. This practice is most frequently adopted in the cases of vessels which have a spar or awning deck.

Deck Erections. See illustrations of types of vessels, following page xl.

Water Ballast. See explanations and illustrations on page xxxi of key.

Steamers, column 12; Sailing Vessels, column 14.

Water Ballast. See explanations and illustrations on page xxxi of key.

While the Committee take all means possible to obtain correct information concerning the Vessels entered in the Society's Register Book, it will be understood that in the case of Vessels not classed by the Society they cannot vouch for the complete accuracy of all the particulars given in respect of dates of metalling, tonnage, dimensions, decks, classification, &c.

Steamers, column 13.

All contractions used in relation to Engines, Boilers, Furnaces, &c., are explained in the alphabetical key, see page xxviii.

Nominal Horse Power (NHP). The formulæ from which the Nominal Horse Powers are calculated are:—

1. In cases of vessels in which the particulars of boiler pressures and surfaces are known:—

$$\text{NHP} = \frac{P + 340}{1000} \left(\frac{D^2 \sqrt{s}}{100} + \frac{H}{15} \right) \text{ where the boiler pressure is below 160lb.}$$

$$= \frac{P + 590}{1500} \left(\frac{D^2 \sqrt{s}}{100} + \frac{H}{15} \right) \text{ where the boiler pressure is 160lb or above.}$$

If the boilers are fitted with Forced Draught or Induced Draught appliances, then $\frac{H}{12}$ is taken instead of $\frac{H}{15}$

2. In cases where particulars of the boiler pressures and heating surfaces are not known:—

$$\text{NHP} = \frac{D^2 \sqrt{s}}{100} \text{ for Triple and Quadruple Expansion Engines.}$$

$$= \frac{D^2 \sqrt{s}}{120} \text{ for Compound Engines.}$$

$$= \frac{D^2 \sqrt{s}}{130} \text{ for Simple Engines.}$$

In the above Rules, D = diameter of L.P. Cylinder in inches.

s = Stroke in inches.

H = Heating surface in square feet.

P = Working pressure in lb per square inch.

Registered Horse Power (RHP). This note shows that the horse power given is the nominal horse power as recorded in the Official Register of the vessel.

Water Ballast. See explanations and illustrations on page xxxi of key.

Steamers, column 14; Sailing Vessels, column 15.

Moulded Depth. The moulded depth of an Iron or Steel vessel is the perpendicular depth taken from the top of the upper deck beam at side, at the middle of the length of the vessel, to the top of the keel and the bottom of the frame at the middle line. In the cases of spar and awning deck vessels, however, the depth is measured from the top of the main deck beams. In Wooden and Composite vessels the moulded depth is the perpendicular depth from the top of the upper deck beam at the side of the vessel amidships to the lower edge of the rabbet of the keel.

In Wooden and Composite vessels where the lower part of the midship transverse section is of a hollow character (as in cases where thick garboard strakes are fitted) the moulded depth is measured from the point where the line of the flat of the bottom cuts the keel.

Steamers, column 15; Sailing Vessels, column 16.

For explanations of symbols used to denote the Registers in which a vessel is classed (if she is not classed in Lloyd's Register Book), see alphabetical key, page xxviii.

Board of Trade Passenger Certificate. The note "till 6,00" indicates that the certificate expires at the date specified, June 1900.

Steamers, column 16; Sailing Vessels, column 17.

Mean Drafts. The figures in the columns represent the mean drafts corresponding to an immersion of 65, 70, 75, and 80 per cent. respectively, as assigned by the late Underwriters' Registry, but these drafts do not indicate approved load lines.

	4	3	Vessels salted in accordance with Rules, Section 37 (Wood Ships).	w	15	14	Winter Freeboard (not applicable to North Atlantic voyages).
Salted+ ...	4	3	The dagger signifies that the vessel's beams have not been salted.	WB ...	13 & 14	11-13	Water Ballast, with particulars. (See illustration on page xxxi).
S	16	15	Vessel classed in the United States Standard Register of Shipping.	WB=			
	4	3	Ship.	Well deck	4	2 & 3	A Well-decked Steamer is one having a fore-castle, and long-raised quarter deck or a poop joined to a bridge house, thus leaving the main deck exposed between the bridge front and the end of the fore-castle. (See Figs. 5 and 6 of Illustrations of Types of Vessels following page xl of KEY to REGISTER).
	—	13	Starboard. (See notes under <i>lb</i> and SNDB).	WF & d	10 & 11	11	Wales felted and doubled with Wood.
SB	—	13	Single-ended Boilers, with number prefixed.	WF & diad	10 & 11	11	Wales felted and diagonally doubled with Wood.
	—	3	Screw Steamer.	WF & s	10 & 11	11	Wales felted and sheathed with Wood.
SK	4	3	Smack.	W O	13	11	White Oak (timber).
SD	—	13	New Donkey Boiler (starboard side) with date.	ws	4	3	Sheathed with Wood (relating to Decks).
S	4	3	Sloop.	ws	10 & 11	11	Wales sheathed with Wood.
	4	3	Square Rigged.				X.
	4	3	Schooner.	x	8	7	Equipment letter, as per Table No. 22 (Rules).
	4	3	Snow.				Y.
	—	13	Surface condensing.	y	8	7	Equipment letter, as per Table No. 22 (Rules).
S	4 & 6	3 & 5	Deck of light construction and with openings in sides. See Fig. 7 of Illustrations of Types of Vessels following page xl of KEY to REGISTER.	YM	3	2	Sheathed with Yellow Metal. (See special note at foot of this page).
Spar dk.	4 & 6	3 & 5	Built according to Rules for Spar-Decked Vessels. Section 42 (Iron and Steel Vessels). See Fig. 9 of Illustrations of Types of Vessels following page xl of KEY to REGISTER.	YP	13	11	Yellow Pine (timber).
srp	11	11	Some repairs to Hull of ship.	Y	4	3	Yacht.
ss	4	3	Special Survey of Iron or Steel ships. Vessels submitted to Periodical Surveys, as prescribed in the Rules for Iron and Steel Ships (thus, ssNwc.No.1-96; ssHull.No.2-96; ssLon.No.3-4,96). A notation thus—ssHpl.2ndNo.3-1.97. denotes that the Vessel has been submitted to the "Second Special Survey No. 3" prescribed in the Rules; this survey includes the drilling of shell plating to ascertain its thickness.	z	8	7	Equipment letter, as per Table No. 22 (Rules).
				Z	4	2	Sheathed with Zinc. (See special note at foot of this page).

While the Committee take all means possible to obtain correct information concerning the Vessels entered in the Society's Register Book, it will be understood that in the case of Vessels not classed by the Society they cannot vouch for the complete accuracy of all the particulars given in respect of dates of metalling, tonnage, dimensions, decks, classification, &c.

KEY TO ABBREVIATIONS—continued.

DOUBLE BOTTOMS AND WATER BALLAST TANKS.

ILLUSTRATIONS OF NOTATIONS in the 11th, 12th, 13th, and 14th Columns OF THE REGISTER BOOK.

*WB = DB100'130t : denoting Double Bottom 100 feet long ; capacity, 130 tons.**WB = DBa100'/130'310t : denoting Double Bottom, aft 100 feet, forward 130 feet long ; total capacity 310 tons.**WB = DBa72'SuE&B28'260t : denoting Double Bottom aft 72 feet long, and under Engines and Boilers 28 feet long ; total capacity, 260 tons.**WB = CDB300'550t : denoting cellular construction of Double Bottom 300 feet long ; capacity, 550 tons.**WB = FPT20t : denoting Fore Peak Tank ; capacity, 20 tons.**WB = APT8t : denoting After Peak Tank ; capacity 8 tons.**WB = MT25'180t : denoting Midship deep Tank, 25 feet long ; capacity, 180 tons.**WB = DTa26'165t/f30'198t : denoting Deep Tank aft 26 feet long, capacity, 165 tons ; and forward 30 feet long, capacity, 198 tons. See Diagrams.*

N.B.—When part of the record of Water Ballast is expunged in red ink, thus:—WB=DBa45'/42'SuE&B66', &c., it signifies that the Vessel is fitted with tanks to the extent named, but at the date of the last survey the expunged portion was not being used for the purpose of Water Ballast, and the pipes, &c., thereto have been disconnected.

TABLE EXPLICATIVE CONCERNANT LE REGISTRE.

1899-1900.

EXPLICATIONS DES ANNOTATIONS DU "LLOYD'S REGISTER BOOK."

Toutes les abréviations du "Lloyd's Register Book" se trouvent expliquées dans la Table Explicative, voir page xxxvi

Navires à Vapeur, colonnes 2 et 3; Navires à Voiles, colonnes 3 et 4.

- Capitaine.** Les chiffres à la suite du nom du capitaine, ainsi, *Smith* 86-97, indiquent (1^o) l'année où il est entré comme capitaine au service de l'armateur, (2^o) l'année où il a pris le commandement du navire.
- Ponts.** Voir les dessins des différents types de navires à la suite de la page xl de la Table Explicative. Les explications des termes tels que *shade dk.*, etc., sont fournies dans la Table Explicative, voir page xxxvi.
- 3 dk. rule.....** Cette annotation indique que le navire a été construit d'après les règlements pour les navires à trois ponts. (Section 41, navires en fer et en acier.)
- Visites Périodiques.** L'explication de l'enregistrement des visites spéciales périodiques se trouve dans la Table Explicative, voir page xxxvi. L'enregistrement indique seulement la condition du navire à l'époque de la visite.
- Ports de Visite.** Les abréviations telles que (Lon., Syd., &c.), employées pour indiquer les ports où les navires ont été inspectés, sont expliquées à la page xl.
- Grément, etc.** Les abréviations employées pour spécifier le grément des navires sont expliquées dans la Table Explicative, voir page xxxvi.
- †** Ce signe à la suite du mot "*salted*" indique que les barrots du navire n'ont pas été salés.

Navires à Vapeur, colonne 4; Navires à Voiles, colonne 5.

- Tonnage.** Le tonnage qui figure sur le "Lloyd's Register Book" en caractères comme ci-contre, est à part quelques rares exceptions, le tonnage officiel mesuré d'après les lois du pays auquel le navire appartient.
- Pour quelques navires étrangers, le tonnage qui figure a été mesuré d'après la méthode Anglaise, et est reconnu par la loi Anglaise. Dans ce cas le fait est mentionné par l'emploi de caractères italiques, comme ci-contre.

Navires à Vapeur, colonnes 5, 6 & 7; Navires à Voiles, colonnes 6, 7 & 8.

Marques de Classification du Lloyd's Register.

- 100A1 95A1** } Cotes des navires en fer ou en acier, construits conformément aux règlements de la Société depuis 1869. Les nombres 100, 90, &c., n'indiquent pas une période d'années, mais ne servent que de termes de comparaison.
- 90A1 85A1** }
- 80A1 75A1** }
- A1** Cette cote non précédée d'un nombre, s'applique aux navires en fer ou en acier, construits à la satisfaction du Comité pour des usages ou des voyages spéciaux.
- *A1** Cote des navires en fer construits avec des tôles plus épaisses que celles réclamées pour la cote **A1**.
- A1 A1 A1** Cotes des navires en fer construits conformément aux règlements de la Société en vigueur de 1864 à 1871.
- A1** Première cote des navires en bois ou composites dont l'armement est bon et suffisant. Les chiffres qui précèdent la cote, colonne 5 (navires à vapeur), colonne 6 (navires à voiles), indiquent le nombre d'années pour lesquelles le navire a été coté, ainsi :—11A1, Cont 6A1, Rest 6A1. (Voir "Cont" et "Rest" dans la Table Explicative, page xxxvi.) Les chiffres dans la colonne 7 (navires à vapeur), colonne 8 (navires à voiles), indiquent les périodes expirées pour lesquelles les navires avaient été cotés. A la première ligne ces chiffres indiquent la période originelle, aux lignes suivantes les périodes de continuation.

- A1** Cote des navires pour lesquels les périodes assignées soit originellement, soit par Continuation ou par Restauration sont expirées, ou cote des navires qui n'ont jamais eu de cote originelle mais qui sont jugés aptes à transporter des marchandises sèches et périssables. Le nombre d'années pour lesquelles la cote a été assignée figure sous la cote dans la colonne 5 (navires à vapeur), colonne 6 (navires à voiles), ainsi :—SSPly.96-8yrs.
- 1.1** Cote des navires aptes à transporter des marchandises sèches et périssables pour de courtes traversées. Le nombre d'années pour lesquelles la cote a été assignée, figure sous la cote dans la colonne 6 (navires à voiles), ainsi :—SSPly.96-4yrs.
- 1** Le chiffre 1 imprimé comme ci-contre et faisant partie de la cote, indique que le navire a un armement bon et suffisant conformément au Tableau 22 (voir règlements de la Société).
-** Ce signe à la suite d'une cote, à la place occupée par le chiffre 1, indique que l'armement du navire ne répond pas aux exigences des règlements de la Société, soit comme qualité, soit comme quantité.
- ✱** Ce signe indique que le navire a été construit sous surveillance spéciale.
- ✱** Ce signe indique que les machines ou les chaudières, ou toutes les deux (suivant l'annotation dont il est suivi) ont été construites sous surveillance spéciale.
-** Une ligne noire avec date au-dessous, indique que la cote du navire a été retirée du "Lloyd's Register Book," le navire ne pouvant conserver sa cote par suite de déficiences signalées.
-** Une ligne rouge avec date au-dessous, indique que la cote du navire a été retirée du "Lloyd's Register Book," le navire ne pouvant conserver sa cote par suite de dérogation aux règlements de la Société en ce qui concerne les visites.
-** Ce signe dans la colonne 7 (navires à vapeur), colonne 8 (navires à voiles), indique que la cote du navire a été retirée du "Lloyd's Register Book" à la demande de l'armateur.
- 17A1** Quand un navire coté est mentionné comme perdu, condamné ou ayant tout autre accident, &c., la cote est rayée comme ci-contre.

- with freeboard ...** Cette mention sous la cote indique que le franc-bord assigné est une condition de la cote du navire.
- "For tug purposes,"** Cette mention sous la cote indique les voyages ou les usages spéciaux auxquels le navire est affecté et en vue desquels il a été classé par la Société.
- "Trawler," &c.**
- Awng dk.,** Voir les dessins des différents types de navires à la suite de la page xl de la Table Explicative. Les explications des termes tels que *shade deck*, *awning deck*, &c., sont données dans la Table Explicative, voir page xxviii.
- Shade dk., &c.**

Marques de Classification de l'ex Underwriters' Registry.

(Reuni avec le Lloyd's Register en 1935.)

- A1*, A1*** Cotes des navires en fer ou en acier construits avec des échantillons plus forts que ceux exigés par les règlements de l'Underwriters' Registry et avec des fers de qualité extra.
- A1*, A1*... A1, A1** } Cotes des navires en fer, en acier ou composites, construits conformément aux règlements de l'Underwriters' Registry.
- A, A** }
- Les navires cotés en rouge ont été construits sous la surveillance des Inspecteurs de l'Underwriters' Registry. Les chiffres 1 et 2 à la suite des marques de classification indiquent la cote de l'armement.

Date de dernière Visite. Les chiffres sous une cote indiquent la date de dernière visite. La date de visite certifie seulement la condition du navire à ce moment.

Ports de Visites. Les abréviations employées pour indiquer les ports de visites sont expliquées à la page xl.

Les 6^{me}, 7^{me}, et 8^{me} colonnes (navires à voiles) ou les 5^{me}, 6^{me}, et 7^{me} colonnes (navires à vapeur) laissées en blanc, indiquent que le navire n'a jamais été coté dans le "Lloyd's Register Book."

La 6^{me} colonne (navires à voiles) ou la 5^{me} colonne (navires à vapeur) laissée en blanc, sauf en ce qui concerne l'époque de la dernière visite enregistrée, indique que la cote est expirée ou bien qu'elle a été rayée soit pour manque de visite, soit pour non paiement des honoraires dus dans ce cas.

Navires à Vapeur, colonne 8 ; Navires à Voiles, colonne 9.

Date de Construction. Pour les navires en fer et en acier cotés par le Lloyd's Register, la date de la dernière visite d'inspection pour l'entrée en cote est considérée comme étant la date de construction, à condition que la susdite visite soit passée dans les 6 mois qui suivent la date du lancement ; mais si l'inspection pour l'entrée en cote n'est pas terminée durant la susdite période, la date de construction est calculée six mois après celle du lancement. Pour les navires en fer et en acier cotés et lancés antérieurement au 19 Mai 1887, ainsi que pour tous les navires cotés en bois et composites, la date du lancement est considérée comme étant celle de la construction. Pour les navires non cotés par le Lloyd's Register, il n'est pas possible dans tous les cas de spécifier si la date de construction est celle du lancement ou celle de l'achèvement des travaux.

Des annotations telles que 18½ figurent pour quelques navires non cotés. Les chiffres supérieurs indiquent alors la date originelle de la construction, les chiffres inférieurs la date à laquelle le navire a été rapporté comme reconstruit. Dans ce cas la Société ne peut spécifier l'importance de la reconstruction.

Armateurs.

Pour les navires appartenant au Royaume Uni, le nom qui figure sur le "Lloyd's Register Book" est celui de l'armateur-gérant ou celui de la Société dont l'armateur-gérant fait partie. Lorsqu'il n'y a pas d'armateur-gérant, le nom qui figure est celui du plus gros actionnaire et le nom du gérant figure aussi si on le demande. Pour les navires coloniaux et étrangers, l'on a essayé de suivre le même usage que pour les navires du Royaume Uni, mais de sérieuses difficultés empêchent de certifier qu'une personne mentionnée comme étant armateur-gérant est aussi en réalité armateur légal. Dans certains cas par conséquent, la personne dont le nom figure peut n'être que gérant ce qui est absolument distinct d'armateur-gérant.

Navires à Vapeur, colonne 11 ; Navires à Voiles, colonne 13.

Creux. Quand deux creux sont mentionnés, ainsi ^{16.9}/_{24.2} les chiffres supérieurs indiquent le creux au pont principal et les chiffres inférieurs le creux au pont supérieur. Cet usage s'applique surtout aux navires spar ou awning deck.

Constructions sur les Ponts. Voir les dessins des différents types de navires à la suite de la page xl.

Water Ballast. Voir explications et dessins à la page xxxix de la Table Explicative.

Navires à Vapeur, colonne 12 ; Navires à Voiles, colonne 14.

Water Ballast. Voir explications et dessins à la page xxxix de la Table Explicative.

Bien que le Comité prenne toutes les mesures possibles, pour obtenir des renseignements exacts sur les navires qui figurent dans le "Lloyd's Register Book," il est à noter que dans le cas où les navires ne sont pas cotés par la Société, elle ne peut garantir la complète exactitude de tous les détails données relativement aux dates du doublage au tonnage, aux dimensions, aux ponts, à la classification, etc.

Navires à Vapeur, colonne 13.

Toutes les abréviations employées se rapportant aux Machines, Chaudières, Foyers, &c., sont décrites dans la Table Explicative, voir page xxxvi.

La force en chevaux nominaux est calculée d'après les formules suivantes :—

1°. Si les pressions et les surfaces de chauffe sont connues :—

$$NHP = \frac{P + 340}{1000} \left(\frac{D^2 \sqrt{s}}{100} + \frac{H}{15} \right) \text{ pressions au-dessous de 160 livres.}$$

$$= \frac{P + 590}{1500} \left(\frac{D^2 \sqrt{s}}{100} + \frac{H}{15} \right) \text{ pressions de 160 livres et au-dessus.}$$

Pour les chaudières à tirage forcé on devra substituer dans les formules ci-dessus, $\frac{H}{12}$ à $\frac{H}{15}$.

2°. Si les pressions et les surfaces de chauffe ne sont pas connues :—

$$NHP = \frac{D^2 \sqrt{s}}{100} \text{ Machines à Triple et Quadruple expansion.}$$

$$= \frac{D^2 \sqrt{s}}{120} \text{ Machines Compound.}$$

$$= \frac{D^2 \sqrt{s}}{130} \text{ Machines Simples.}$$

Dans les formules ci-dessus D = diamètre en pouces du Cylindre B.P.
s = Course du piston en pouces.

H = Surface de chauffe en pieds carrés.

P = Pression de travail en livres par pouce carré.

Force Officielle en Chevaux (RIP) Cette annotation indique la force en chevaux nominaux d'après le Registre Officiel du navire.

Water Ballast. Voir explications et dessins à la page xxxix de la Table Explicative.

Navires à Vapeur, colonne 14 ; Navires à Voiles, colonne 15.

Creux sur quille. Le creux sur quille pour les navires en fer et en acier, est la longueur de la perpendiculaire abaissée depuis la face supérieure des barrots du pont supérieur sur le coté et au milieu de la longueur du navire, jusqu'à hauteur de la rencontre de la face inférieure de la membrure avec le dessus de la quille sur la ligne médiane ; cependant pour les navires spar ou awning deck, le creux sur quille n'est calculé qu'à partir de la face supérieure des barrots du pont principal. Pour les navires en bois et composites, le creux sur quille est la longueur de la perpendiculaire abaissée depuis la face supérieure des barrots du pont supérieur jusqu'à hauteur de l'arête inférieure de la rablure de quille.

Pour les navires en bois et composites dont les parties inférieures sont frégatées (lorsqu'un navire est pourvu par exemple de galbords épais) le creux sur quille n'est alors calculé que jusqu'à hauteur de l'intersection de la ligne prolongée des fonds avec la quille.

Navires à Vapeur, colonne 15 ; Navires à Voiles, colonne 16.

Pour l'explication des marques employées pour indiquer les différents Registres auxquels un navire est coté (s'il n'est pas coté au Lloyd's Register), voir Table Explicative page xxxvi.

Certificat à passagers, délivré par le "Board of Trade." Cette annotation "till 6,00" indique que le certificat expire à la date mentionnée, Juin 1900.

Navires à Vapeur, colonne 16 ; Navires à Voiles, colonne 17.

Tirants d'eau moyens. Les chiffres qui figurent dans ces colonnes représentent les tirants d'eau moyens correspondant aux immersions de 65, 70, 75 et 80 pour cent, tels qu'ils ont été assignés par l'ex-Underwriters' Registry, mais ces tirants d'eau n'indiquent pas les lignes de charge approuvées.

			Q.				<i>ss</i> Nwc. No. 1-96; <i>ss</i> Hull No. 2-96; <i>ss</i> Lon. No. 3-47. Une annotation comme suit: <i>ss</i> Hpl. 2nd No. 3-19.
	—	13	Enveloppe, entretoises longitudinales, tôles d'extrémités, foyers et chambre de combustion de chaudière en fer; entretoises taraudées en acier.				Visite Spéciale No. 3" prescrite par les Règlements; cette visite comprend le forage du bonlé externe pour certifier son épaisseur.
Q	13	11	Demi-dunette ou coupée. Voir figures 4 & 6 des illustrations des types de navires, à la suite de la page xi de la Table Explicative du Register.	SS	4	3	Visite spéciale des navires composites, avec date, conformément à la Section 43.
Q	—	13	Machines à quadruple expansion.	SS	6	5	Visite spéciale des navires en bois, cotés <i>AE</i> , avec le nombre d'années assignées et l'année de la visite conformément aux Sections 61, 63 et 65 des Règlements pour les navires en bois (Ainsi: S.S. Whn. 96-4 yrs.)
Q	—	13	Machines transformées à quadruple expansion, avec date.	SS	6	5	Visite spéciale. La date en rouge qui précède, indiquant l'époque à laquelle le navire a été visité d'après les Règlements pour les navires en bois (Section 43), le nombre d'années indique la période pour laquelle le navire aura droit à cette cote. (Ainsi: <i>SS</i> Sld. 96-4 yrs.)
			R.				Acier—Matériaux des ponts.
	8	7	Lettre d'équipement suivant le Tableau 22 (Règlements).				T.
(R)	—	13	Enveloppe, entretoises longitudinales, tôles d'extrémités, foyers, et chambre de combustion de chaudière en acier; entretoises taraudées en fer.				Lettre d'équipement suivant le Tableau 22 (Règlements).
R	16	15	Navire coté au American Record.	(Stl)	4	3	Enveloppe, entretoises taraudées, tôles d'extrémités, foyers et chambre de combustion de chaudière en fer; entretoises longitudinales en acier.
R	2 & 3		Navire pourvu de machines réfrigérantes. Voir liste à la fin du Register.				Teck (bois).
Rest	6	5	Restaure. Ainsi, Rest. 10 A 1 from 96 Lon., indique que le navire a été restauré dans la cote A pour la première fois compter de 1896, et que la visite a eu lieu à Londres.	T	13	11	Machines à triple expansion
	—	13	Foyers à arêtes; leur nombre est indiqué par le chiffre qui précède.	T	—	13	Tamarack (bois).
RFD	—	11	Pont surélevé à l'avant.	Tam	15	11	Raquettes de barrots avec ou sans ponts: le chiffre qui précède indique le nombre de barrots.
retold	13	11	Nouveau gournablage.	th	4	3	Barrots de navires à vapeur.
RH	—	13	Force nominale en chevaux d'après les papiers du navire, s'appliquant seulement aux navires Anglais.	TRD	4	3	Irabaccio.
R.M.	—	6 & 7	Religieux. Voir note spéciale au bas de cette page.				U.
			Lloyd's Register. Une date à la suite, indique qu'à ce moment ils ont été trouvés en bon état.				Lettre d'équipement suivant le Tableau 22 (Règlements).
+RM	—	6 & 7	La + indique que les appareils réfrigérants ont été constatés sous la surveillance spéciale d'un Inspecteur du Lloyd's Register.	U	8	7	cette page.)
Rst	3	2	Navire construit sous une toiture, conformément à la Section 48 du Règlement pour les navires en bois.	U	4	3	Pont supérieur
RP	13	11	Pin rouge (bois).	U	4	3	Pont supérieur en bois, ou avec soufleur en bois.
			S.				V.
S	8	7	Lettre d'équipement suivant le Tableau 22 (Règlements).				Lettre d'équipement suivant le Tableau 22 (Règlements).
S	15	14	Franc Bord pour l'été.	V	16	15	Navire coté au Bureau Veritas.
(s)	—	13	Enveloppe, entretoises, tôles d'extrémités, foyers et chambre de combustion de chaudière en acier.				W.
S	3	2	Soufflage en bois.				Lettre d'équipement suivant le Tableau 22 (Règlements).
S	13	11	Spruce (bois).	w	8	7	Franc Bord pour l'hiver (non applicable pour les voyages de l'Atlantique du Nord).
Sl	13	11	Sabieu (bois).	w	15	14	(Double-fonds avec détails. Voir les illustrations à la page xxxix.)
Sl	13	11	Saule (bois).	WB	13 & 14	11-13	Un navire à puits est un navire ayant un gaillard d'avant et une longue demi-dunette, ou une dunette reliée à une rouille-passerelle, laissant le pont principal découvert, entre la passerelle et le gaillard.
Sailed	4	3	Navires salés, d'après les Règlements, Section 37 (Navires en bois).	WB=	4	2 & 3	Voilà les Figures 5 et 6 des illustrations des types de navires, à la suite de la Table Explicative du Register.
Salted	4	3	La croix indique que les barrots du navire n'ont pas été salés.	Well deck			Précintes doublées en bois sur feutre.
S	16	15	Navire coté au "United States Standard Register of Shipping."	WF & d	10 & 11	11	Précintes doublées diagonalement en bois sur feutre.
S	—	3	Trois-Mâts carré.	WF & s	10 & 11	11	Précintes, avec soufflage en bois sur feutre.
S	—	13	Tribord. (Voir notes à lb et à SNDB.)	WO	13	11	Clène blanc (bois).
SB	—	13	Chaudières simples; leur nombre est indiqué par le chiffre qui précède.	WS	4	3	Soufflage en bois (relatif aux ponts).
Se	—	3	Navire à vapeur à hélice.	WS	10 & 11	11	Précintes, avec soufflage en bois.
Sk	4	3	Smack.				X.
SNDB	—	13	Petite chaudière neuve (tribord), avec date.				Lettre d'équipement suivant le Tableau 22 (Règlements).
Sp	4	3	Sloop.				Y.
Sq	4	3	Mât en carré.				Lettre d'équipement suivant le Tableau 22 (Règlements).
Sr	4	3	Goëlette.	YM	3	2	Double en cuivre jaune. (Voir note spéciale au bas de cette page.)
Sw	4	3	Snow.	YP	13	11	Yellow pine (bois).
se	—	13	Condensation par surface.	Yt	4	3	Yacht.
Shade dk	4 & 6	3 & 5	Pont de construction légère, avec ouvertures dans les côtés. Voir la Figure 7 des illustrations des types de navires à la suite de la page xi de la Table Explicative du Register.				Z.
Spar dk	4 & 6	3 & 5	Construit conformément au Règlement, pour les navires à Spatol, Section 12 (Navires en fer et en acier). Voir la Figure 9 des illustrations des types de navires, à la suite de la page xi de la Table Explicative du Register.				Lettre d'équipement suivant le Tableau 22 (Règlements).
sp	11	11	Quelques réparations à la coque du navire.				Doublé en zinc. (Voir note spéciale au bas de cette page.)
S	4	3	Visite spéciale des navires en fer ou en acier. Navires soumis aux visites périodiques, prescrites par les Règlements pour les navires en fer et en acier (Ainsi:				

Bien que le Comité prenne toutes les mesures possibles pour garantir l'exactitude des renseignements fournis sur les navires qui figurent dans le Lloyd's Register Book, il est à noter que dans le cas où les données ne sont pas cotées par la Société, elle ne peut garantir la complète exactitude de tous les détails donnés relativement aux dates du doublage, au tonnage, aux dimensions, aux ponts, à la classification, etc.

TABLE EXPLICATIVE DES ABRÉVIATIONS—*suite.*

DOUBLE-FONDS ET TANKS.

Illustrations des Annotations des 11^{me}, 12^{me}, 13^{me} et 14^{me} Colonnes du "Lloyd's Register Book."

WB=DP100/130t : indique double fond ayant une longueur de 100 pieds ; capacité 130 Tonneaux.

WB=DBa100/f130/310t : indique double fond arrière de 100 pieds, et avant de 130 pieds de longueur ; capacité 310 Tonneaux.

WB=DBa72/Su ENP28/260t : indique double fond arrière de 72 pieds, et sous les machines et chaudières de 28 pieds de longueur ; capacité 260 Tonneaux.

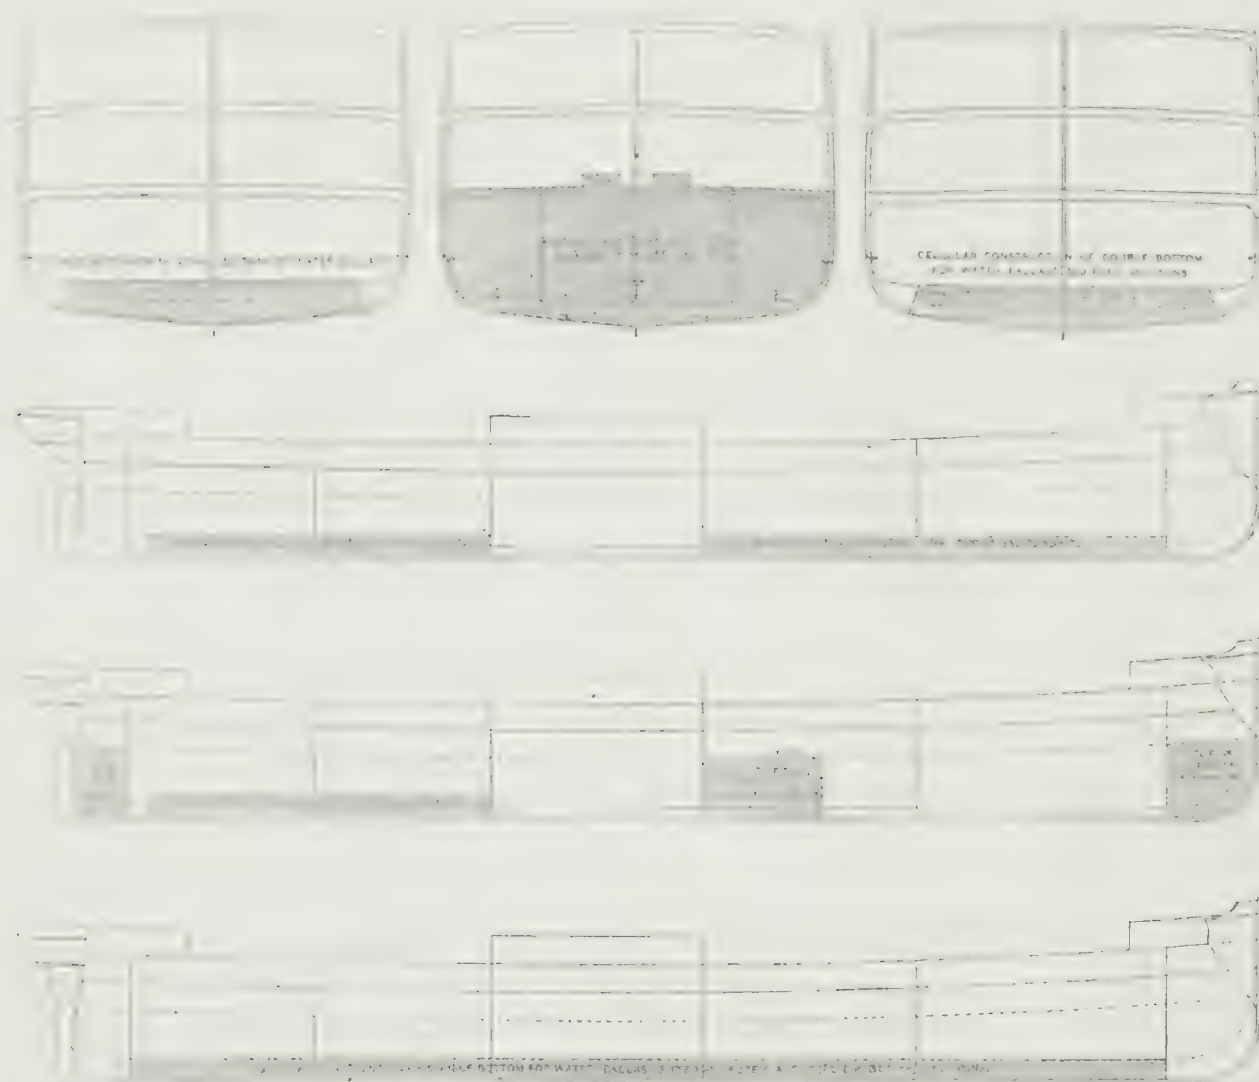

WB=Ce/1DB300/550t : indique construction cellulaire du double fond, ayant une longueur de 300 pieds ; capacité 550 Tonneaux.

WB=FPT20t : indique Peak Tank avant ; capacité 20 Tonneaux.

WB=APT8t : indique Peak Tank arrière ; capacité 8 Tonneaux.

WB=MT25/180t : indique Tank au milieu du navire, longueur 25 pieds ; capacité 180 Tonneaux.

WB=DTa26/165/f30/198t : signifie Tank sur l'arrière du navire, longueur 26 pieds, capacité, 165 tonneaux ; Tank sur l'avant du navire, longueur 30 pieds, capacité, 198 tonneaux. Voir les Illustrations.

N.B.—Lorsqu'une partie de l'annotation relative aux double-fonds est rayée à l'encre rouge, comme suit :—(WB=DBa45/f42'8" ~~1100~~ 1200', etc.), cela indique, que le navire a des double-fonds sur l'étendue indiquée, mais qu'à la date de la dernière visite, la partie rayée au rouge n'était plus employée comme double-fond, et que les tuyaux, etc., ont été mis hors d'usage.

TABLE EXPLICATIVE DES ABRÉVIATIONS—suite.

LLOYD'S REGISTER OF BRITISH AND FOREIGN SHIPPING.

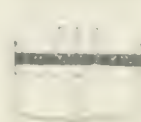

SKETCHES ILLUSTRATING THE DIFFERENT TYPES OF VESSELS CLASSED IN THE REGISTER BOOK.

Nº 1

FLUSH DECK VESSEL.

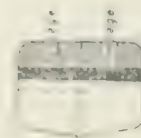

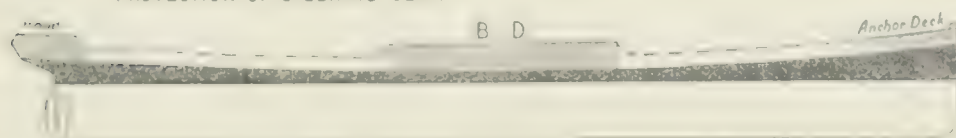

TRANSVERSE
SECTIONS.

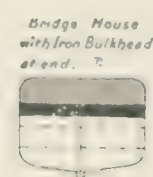

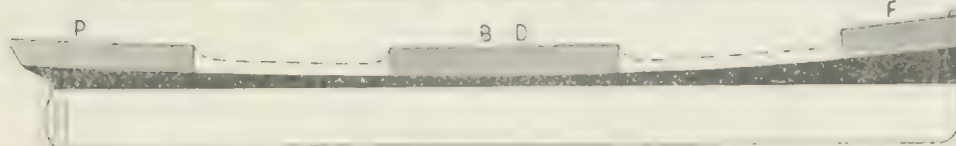

Nº 2

VESSEL HAVING MONKEY FORECASTLE, BRIDGE HOUSE, AND HOOD FOR THE
PROTECTION OF STEERING GEAR.

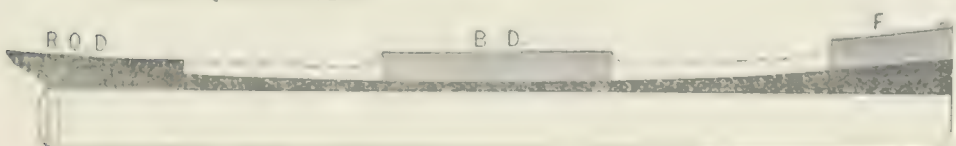

Nº 3

VESSEL HAVING TOP-GALLANT FORECASTLE, BRIDGE HOUSE, AND POOP

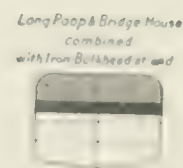

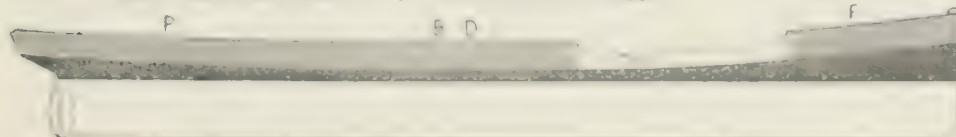

Nº 4

VESSEL HAVING TOP-GALLANT FORECASTLE, BRIDGE HOUSE, AND A SHORT
RAISED QUARTER DECK.

Nº 5

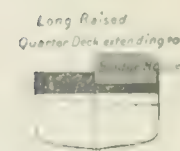

VESSEL HAVING TOP-GALLANT FORECASTLE WITH A LONG POOP AND BRIDGE
HOUSE COMBINED. KNOWN AS A "WELL-DECKED VESSEL"

VESSEL HAVING TOP-GALLANT FORECASTLE WITH A LONG RAISED QUARTER DECK
AND BRIDGE HOUSE COMBINED ALSO KNOWN AS A WELL-DECKED VESSEL

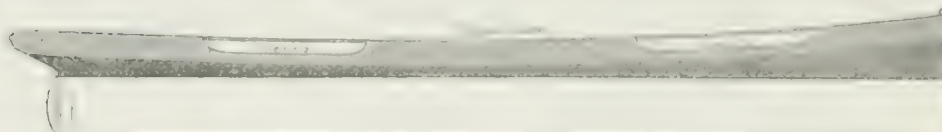

TRANSVERSE
SECTIONS

Nº 6

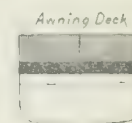

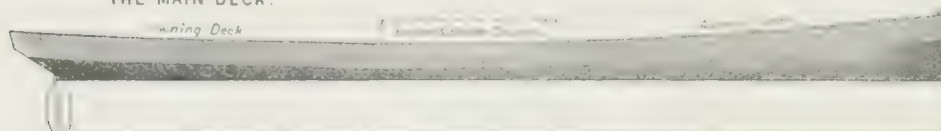

"SHADE DECKED VESSEL" THIS TYPE OF VESSEL HAS A CONTINUOUS UPPER
DECK OF LIGHT CONSTRUCTION AND WITH OPENINGS IN THE SIDES.

Nº 7

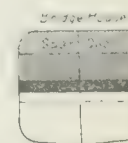

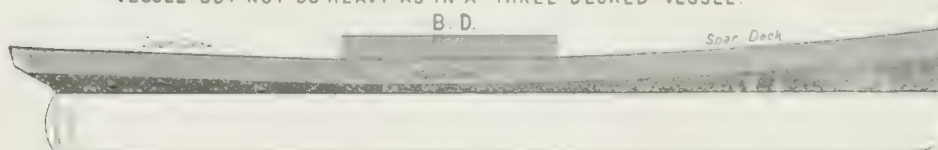

"AWNING DECKED VESSEL" THIS TYPE OF VESSEL HAS A CONTINUOUS UPPER
DECK OF LIGHT CONSTRUCTION AND THE SIDES COMPLETELY ENCLOSED ABOVE
THE MAIN DECK.

Nº 8

"SPAR DECKED VESSEL" THIS TYPE OF VESSEL IS CONSTRUCTED WITH THE
SCANTLINGS ABOVE THE MAIN DECK HEAVIER THAN IN AN "AWNING DECKED
VESSEL" BUT NOT SO HEAVY AS IN A "THREE DECKED VESSEL"

Nº 9

TURRET DECK VESSEL

Nº 10

TRUNK DECK VESSEL

Nº 11

SAILING VESSELS.

1899-1900.

NAVIRES A VOILES.

*. * Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable) in order to us being seen that their efficiency is duly maintained. It is also a condition that all vessels of such a nature be required at ports where there is a Surveyor to the Society, in order to their retaining the characters assigned to them in the Register Book, must be submitted under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to the Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Surveys, we hereby intimated that the duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

Now named "Istamboul," See No. 1 in Supplement.														

Note named "Istamboul," See No. 1 in Supplement.

*. * Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Survey it is hereby intimated that the duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

*. Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required under the Rules of the Society to be surveyed by the Society's Surveyors periodically and annually, if practicable, in order to its being ascertained that their efficiency is duly maintained. It is also required that all vessels of 100 tons and upwards should be surveyed by the Society's Surveyors at least once in every year, and that the characters assigned to them in the Register Book should be kept under the inspection and to the satisfaction of the Society's Surveyors. Ships of 100 tons and upwards repaired at port where there is no Surveyor to the Society are surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society and in order to prevent the disappointment arising from ships losing their characters from want of Survey, hereby announced that the duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary in consequence of damage or other causes, rests with the Owners, Masters, or Agents.

Official No.	Ship's Name.	Material, Rig, &c.	Registered Tonnage.	Particulars of Classification.		Built			Owners.	Registered Dimensions, &c.			Flag.	Registered in	First of

* Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Survey, it is hereby intimated that the duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

*. * Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable) in order to its being seen that their efficiency is duly ascertained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their returning the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery required at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from the fact that characters from want of Survey may be assigned to ships, it is intimated that the duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary, can only be carried out by the Owners, Masters, or Agents.

* * * Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Survey, it is hereby intimated that the duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

*. Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Survey by the Society's Surveyors periodically (annually if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the supervision and to the satisfaction of the Society's Surveyors. Ships or Machinery required at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reliance to the Rules of the Society and in order to prevent the disappointment arising from ships losing their characters from want of repairs, the Society hereby intimates that the duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary in consequence of damage, or for other causes, rests with the Owners, Masters, or Agents.

Official No.	Ship's Name.	Material, Rig, &c.	Registered Tonnage.	Particulars of Classification.			Built.			Owners.	Registered Dimensions, Deck Erections, &c.			Port of Registry.	Moulded Length.	Breadth.	Depth.	Flag.	Registered in which Country.
				Character.	For Special Survey.	Part of Survey.	When.	By Whom.	Where.		Length.	Breadth.	Depth.						
	Master.	Late Name, if any.	Gross.	+	for Special Survey.	Part of Survey.													
	Special Surveys.	No. of Decks, &c.	Under Deck-Net.		Date of Last Survey.	Yard assigned now expired.													

While the Committee take all means possible to obtain correct information concerning the Vessels entered in the Society's Register Book, it will be understood that in the case of Vessels not classed by the Society they cannot vouch for the complete accuracy of all the particulars given in respect of dates of metalling, tonnage, dimensions, decks, classification, &c.

Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Survey, it is hereby intimated that the duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

*. * Additional Ships are inserted in the Supplement at the end of the Register.

N.B.--All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Survey, it is hereby intimated that the duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

*. *Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Survey, it is hereby intimated that the duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

. Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable) in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be made under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society, must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society and in order to prevent the disappointment arising from ships losing their characters from want of Survey, it is hereby intimated that the Duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary in consequence of damage or other causes, rests with the Owners, Masters, or Agents.

Special No.	Ship's Name.	Material, Rig, &c.	Registered Tonnage.	Particulars of Classification.			Built.			Owners.	Registered Dimensions, Deck Erections, &c.			Port of Registry.	Flag.	Validated day.	Which expires.
				Character.	Port of Survey.	Year of Survey.	When.	By Whom.	Where.		Length.	Breadth.	Depth.				
Code Letters.	Master.	Late Name, if any.	Gross.	For Special Survey, Date of last Survey.	Underdck. Net.	For Special Survey, Date of last Survey.											
	Special Surveys.	No. of Decks, &c.															

While the Committee take all means possible to obtain correct information concerning the Vessels entered in the Society's Register Book, it will be understood that in the case of Vessels not classed by the Society they cannot vouch for the complete accuracy of all the particulars given in respect of dates of metalling, tonnage, dimensions, decks, classification, &c.

* * Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Survey, it is hereby intimated that the duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

* * Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Survey, it is hereby intimated that the duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

* * Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Survey by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also required that they be submitted to Survey at ports where there is a Surveyor to the Society, in order to their retaining the character assigned to them in the Register Book, and to the satisfaction of the Society's Surveyors. Ship or Machinery repaired at ports where there is no Surveyor to the Society, shall be surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society and in order to prevent the disappointment arising from ships losing their characters from want of Survey, hereby intimated that the duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary in consequence of damage or other causes, rests with the Owners, Masters, or Agents.

* * Additional Ships are inserted in the Supplement at the end of the Register.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their character, from want of Survey, the Society hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage from other causes, rests with the Owners, Masters, or Agents.

* * Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Survey, it is hereby intimated that the duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

* * Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of Surveys, the Society hereby intimates that the duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary in consequence of damage or other causes, rests with the Owners, Masters, or Agents.

*. Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required under the Rules of the Society to be surveyed at least once a year, or more frequently (annually, if practicable) in order to its being seen that their efficiency is duly maintained. This duty is to be carried out by the Surveyors required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The Date of Survey of a Ship only certifies to its efficiency at that time.

In reference to the Rules of the Society and in order to prevent the disappointment arising from their being their characters from being altered, the Society hereby intimates that the duty of giving Notice of Periodical Surveys required by the Rules, or when repairs are necessary in consequence of damage or other causes, rests with the Owners, Masters, or Agents.

While the Committee take all means possible to obtain correct information concerning the Vessels entered in the Society's Register Book, it will be understood that in the case of Vessels not classed by the Society they cannot vouch for the complete accuracy of all the particulars given in respect of dates of metalling, tonnage, dimensions, decks, classification, &c.

LIST
OF
SHIP OWNERS AND MANAGERS.

LISTE
DES
ARMATEURS ET DES DIRECTEURS-GÉRANTS.

NOTE.—This List consists chiefly of the Names of Managing Owners. It therefore does not include the names of some large Owners of s
Property, or form a true indication of the extent to which others are interested in Shipping.

NOTE.—Cette liste mentionne principalement les noms des Directeurs-Gérants. Elle ne comprend donc pas les noms de certains m
importants et n'indique pas non plus quelle part d'intérêt certaines autres personnes peuvent avoir dans l'affaire.
